Films

GREETINGS!

Hi there! My name is Jazlyn Heeter and I am an experienced videographer and graduate of Frostburg State University with a Bachelor's degree in Mass Communication, video production.

Upon graduating, I worked for the international news and broadcast company, Voice of America, located in D.C. I decided that working for a news organization was not for me, and therefore created my own videography business called Free Grace Films. I have a very creative vision and skillset to create content that makes people happy and captures moments you will never forget. Documenting memories of love will forever be my favorite thing to do!
